

ENVIRONMENTAL POLICY STATEMENT

WSR Recycling Ltd is an established waste management business and sister organisation to the Panda Waste Group headquartered in Ireland. As a company we provide waste transfer, materials recycling and skip hire services to a range of business sectors and domestic customers across Merseyside, Cheshire and Greater Manchester.

Our Company recognises the need to positively manage the impact of its activities on the environment. As such, we are committed to compliance with the applicable legislative requirements through the implementation of the environmental management system BS EN ISO 14001:2015

As an organisation we seek continual improvement in our environmental performance through the setting of defined environmental objectives and targets, linked to our significant environmental aspects.

In order to reduce the environmental impacts of our business we shall aim to:

- Take all necessary and practicable steps to protect the environment through continuous improvement of energy use, water use, pollution control, and waste management;**
- Make our vehicle, transport and plant operations as resilient as possible;**
- Work with our customers and suppliers in order to positively influence their environmental performance;**
- Minimise the landfilling of waste, to recover, recycle or re-use where practicable and ensure the correct handling of all waste materials;**

Our policy will be reviewed regularly as part of our management process and appropriate corrective and preventive action will be implemented.
